

#### Project Features

Project name:	Iramba Water Sector Development Program
Project code:	EE-2008-02
Objective:	Provision of technical and facilitation consultancy services
Project focus:	Water Supply
Location:	Iramba District, Singida Region, Tanzania
Implementation agency:	EPCO
Funded by:	Ministry of Water
Project duration:	07/2009 – 09/2010
Project leader(s):	John Ngeme
No. of beneficiaries:	50,160 people

#### Detailed Project Description

EPCO provided consultancy services for the implementation of Phase I of the Rural Water Supply and Sanitation Program in Iramba. The project was implemented in association with Hydro works who provided technical services; while EPCO provided facilitation services.

Technical consultancy services included:

- Assessment of rural water supply and sanitation situation, preparation of District Water Supply and Sanitation Plan
- Preparation of detailed designs and cost estimates for selected communities' projects
- Preparation of tender documents and assistance in the tendering process
- Supervision of construction

Facilitation consultancy services included:

- Assistance of communities in the planning, construction, operation and maintenance of their own water supply and sanitation facilities
- Provision of focused hygiene education
- Training for the establishment of Water User Entities
- Promotion of rainwater harvesting
